

Cinema Streetscapes Project

Broadway, Redwood City, California

PUBLIC REALM DESIGN + DOWNTOWN REVITALIZATION

City Design Collective members were responsible for a wholesale transformation of Broadway between Hamilton and Jefferson Avenue in downtown Redwood City. Working in tandem with the Theatreway project, the new streetscape and plaza design on Broadway creates a dramatic and pedestrian-friendly public realm adjacent to the Courthouse Plaza and historic Fox Theater.

PROJECT FEATURES

- Streetscape concept, design development concepts, construction documentation and construction administration.
- Custom furnishings, decorative trees, custom lighting, and unique paving materials create a vibrant setting to attract residents and visitors to the heart of Redwood City.
- Protected pedestrian drop-off zone supports retail tenants and theater patron.

PRIMARY CLIENT

City of Redwood City
